executive Director's Corner

It seems that not a day goes by when someone comments to me, "Charlie, you work at that place where the people are always waiting outside." Unfortunately, the statement is true. Since I accepted the position of Executive Director of New Horizons for New Hampshire, I have made it a goal of mine to somehow figure out a way to build an indoor waiting area.

About a year and a half ago, Food Service Manager Mary Silva and I met with a Senior Architectural class at Dartmouth College in Hanover and asked if they would take on a class project of looking for ways to build an indoor waiting area in our food pantry. After a number of meetings, a preliminary plan was presented to me. This was a major step as it showed that it could be accomplished.

With a rough plan in hand, I approached the Singer family from Merchants Automotive, who generously, donated $25,000 towards the project. We have since raised other funds but are still about $25,000 shy of our goal. Despite that, we are moving forward thanks to local businessmen and philanthropists Dick Anagnost and Art Rose. My goal is to have the new indoor waiting area complete before Thanksgiving. If you would like to help us reach our fundraising goal, please contact me directly at 668-1877 x114. Let's make sure no one can say, "New Horizons, that's where people are waiting outside."

VOLUNTEER DRIVERS

...deliver the goods!

Jeremy Paradis & Dan Beauchemin

New Horizons would like to send a big thank you to our volunteer van drivers who go out in all kinds of weather to pick up donations. Without them we would not be able to offer fresh meat, deli, produce and bakery to our clients daily in our food pantry, soup kitchen and shelter. We have drivers that have just started, others who have been driving for several years and one volunteer that has been driving for over 15 years! (We won't mention any names Clem!) Not pictured are: Nancy Hatch, Mike Renzulli, Mike and Norma Blanchard, Lisa Tanguay, Scott Spaulding, Lori Hartling and Lisa Potter.
